Mini-cutters for cutting composite materials

DESCRIPTION

Electric Cordless Mini-Cutter is perfect for your all-purpose cutting needs. It is lightweight and versatile - easily cutting through all fabrics, paper, leather as well as Kevlar, Carbon und Glass. It features a cordless, rechargeable system and can also operate with AC power. The mini-cutter is a lightweight and easy-to-use industrial cutting tool, with easy fingertip trigger control.

This product is used in various manufacturing processes of parts made of polymer composite materials.

Content of EC Cutter Set Standard:

- 1. Scissors body
- 2. All purpose short blades assembly (for accurate curve cutting)
- 3. Blades assembly with base plate (for stable straight cutting)
- 4. Transformer
- 5. Rechargeable battery
- 6. Battery charger
